Administrative Law Judge

DOCKET FILE COPY ORIGINAL

CONSENT MOTION FOR EXTENSION OF TIME

The Wireless Telecommunications Bureau ("Bureau"), Telephone and Data Systems, Inc. ("TDS"), and United States Cellular Corporation ("USCC"), with the consent of all the other parties of record, hereby file this Consent Motion for Extension of Time ("Consent Motion") to extend the exchange date for the direct cases in this proceeding from February 3, 1995 until February 7, 1995. Concomitantly, the dates for witness notifications and oppositions to witness notifications would be extended from February 10 to February 14 (witness notifications) and from February 17 to February 21 (oppositions). No change in the dates for the admissions session or hearing is required. In support of the Consent Motion, the Bureau, TDS, and USCC state as follows:

No. of Copies rec'd
List ABCDE

one

The two-day extension of time is needed in order to permit the parties to finalize, copy and serve the direct cases in this proceeding. Principals of various parties currently are attending the annual conference of the Cellular Telecommunications Industry Association ("CTIA"), making more difficult the final review of their testimony. Additionally, counsel for the Bureau currently has pleadings due on Thursday, February 2, 1995, in another proceeding. For these reasons, the two-day extension is required. All parties have consented to this request.

For these reasons, the Bureau, TDS, and USCC request that the Consent Motion be granted, and that the exchange date for direct case testimony be extended to February 7, 1995, the date for witness notification be extended to February 14, 1995, and the date for opposition to witness notification be extended to February 21, 1995.

Respectfully submitted,

By:
